

5G CPE Dual Band Wireless Modem

Application and Properties:

SABA 5G & WIFI-6 Smart Router System (CPE) is based on brand-new embed platform, it can be satisfied with growing-up mobile connections requirements and provides the fast speed beyond your imagination.

The CPE is compatible with NSA/SA dual-mode, suits to all network types all over the world, it means you just plug and play it and enjoy the ultra-fast broadband connection at any places.

- Other Details

- 2.4G wifi and 5.8G wifi (WIFI-6 (802.11ax))
- 5G support global version
- Higher Wireless Capacity
- Hybrid MESH+Networking
- High security
- High network efficiency
- The revolutionary Wi-Fi technology with OFDMA and DL MU-MIMO
- Firewall, IPV4/IPV6 WPS WPA3 VPN APN TR069 SNMP
- WIFI: 2.4G : 2T2R 5.8G: 2T2R
- Support PCI / 4G/5G Bands / SIM Lock QoS
- Lifetime Warranty
- Guaranteed quality and performance
